Researcher Len Stringfield released a document which he received from an employee of the 'Department of the Air Force - Security Police Squadron (PACAF)' in San Francisco, in 'Response for Request of Information in Relation to UFO Contact and Other Related information.' The document contained the following statements:

"1. In January of 1978, I was stationed at McGuire AFB, N.J. One evening, during the time frame of 0300hrs. and 0500hrs., there were a number of UFO sightings in the area over the air field and Ft. DIX Army camp. I am a security policeman and was on routine patrol at the time. N.J. State Police, and Ft. Dix MP's were running code in the direction of Brownsville, N.J. A state trooper then entered Gate #5 at the rear of the base requesting assistance and permission to enter. I was dispatched and the trooper wanted access to the runway area which led to the very back of the air field and connected with a heavily wooded area which is part of the Dix training area. He informed me that a Ft. Dix MP was pursuing a low flying object which then hovered over his car. He described it as oval shaped, with no details, and glowing with a bluish green color. His radio transmission was cut off. At that time in front of his police car, appeared a thing, about 4FT. tall, GRAYISH, brown, FAT HEAD, LONG ARMS, and slender body. The MP panicked and fired five rounds from his .45 Cal into the thing, and one round into the object above. The object then fled straight up and joined with eleven others high in

the sky. This we all saw but didn't know the details at the time. Anyway, the thing ran into the woods towards our fenceline and they wanted to look for it. By this time several patrols were involved.

"2. We found the body of the thing near the runway. It had apparently climbed the fence and died while running. It was all of a sudden hush-hush and no one was allowed near the area. We roped off the area and AF OSI came out and took over. That was the last I saw of it. There was a BAD STENCH coming from it too. Like AMMONIA SMELLING but it wasn't constant in the air. That day, a team from WRIGHT-PATTERSON AFB came in a 0141 and went into the area. They crated it in a wooden box, sprayed something over it, and then put it in a big metal container. They loaded it in the plane and took off. That was it, nothing more said, no report made and we were all told not to have anything to say about it or we would be court martialed."
